### LATEST NEWS

#### **“Derby becoming an outstanding symbol of regeneration, famous across Europe”**

Sustainability champion and co-founder of Cornwall's Eden Project, Sir Tim Smit, recently launched a new community garden at the £175m [Nightingale Quarter](#) complex in Derby city centre. The £40,000 pilot project is a collaboration between Wavensmere Homes and Down to Earth Derby - which is also behind the city's widely-acclaimed [Electric Daisy](#) attraction. Sir Tim Smit, mentor to Down to Earth Derby, explains, “The nature-based regeneration that's been achieved across Derby in the last 12 months shows the potential, together with the public support for more vibrant urban spaces. Derby is becoming an outstanding symbol of regeneration, famous across Europe”.

#### **Wines that tell a story**

[Wine Stories](#) is a new wine bar and tasting rooms, which has just opened on Saddler Gate, in Derby city centre. Owner Chris Barlow says the wines have been carefully curated, and that all will have a story behind them. The wine list itself, he says, will slowly evolve according to customers' palates. Alongside wine, the shelves will also be stacked with world beers and spirits including gin, rum, and brandy. Sadler Gate itself has established itself as a lively area of the city centre, with a wide range of independent shops and eateries. Details of an upcoming food and drink trail are provided in 'Upcoming Events', below.

#### **Museum of Making in running for Family Friendly award**

Derby's Museum of Making has been shortlisted for the [Kids in Museums Family Friendly Museum Award](#). The annual award has been in existence for 16 years, and recognises the most family friendly heritage sites in the UK. A panel of museum experts have now whittled down hundreds of nominations to a shortlist of 16 heritage attractions. Vying with three others in the 'Best Medium Museum' category, The Museum of Making offers a world class visitor experience for families; admission is free; and families are encouraged to be curious, learn together and trying their hands at “making”, inspired by the museum's collection of made objects and stories. The winners will be announced in October.
