

Derbyshire County Cricket Club launches brand new Conference & Events website

Derbyshire County Cricket Club is proud to announce the launch of our brand-new Conference & Events website, designed to make it easier than ever for event organisers and guests to explore, plan and book events at The County Ground.

The new site offers a fresh, user-friendly experience with updated venue information, new image galleries and tailored content for every type of event - from business conferences and exhibitions to weddings, private parties and team building days.

Whether you're looking to host a corporate meeting in the stylish Focus Group Boardroom, a large-scale celebration in the spacious Marquee or an elegant gala dinner in The Pavilion, the new website provides a full overview of capacities, facilities and packages available.

The launch of the new site comes as we continue to develop our year-round offering, with an exciting calendar of events and new packages available for 2025.

To explore the new website and start planning your next event at The County Ground, visit: <https://events.derbyshireccc.com/>
